Cork's Wooden House is a Studio 23 m², which can be used as local accommodation, a private home, or an office. Economical, simple, and quick to set up.

TIMBER CABINS
Eco Wooden Homes & Cabins

Thickness of the walls

You can select the inner wall from 58mm, 70mm, 94mm and 45mm.

+ Insulation Kit

The estimate is based on the recommendations. A single wall can be fitted with an insulation kit, which substantially changes the overall wall thickness.

Kitchen not included

Paint not included
